

Welcome to KLLM Drive!

KLLM is excited to announce the KLLM Drive mobile app. This app will replace the current app as of June 30, 2018. We have made this version much more user friendly and have added some new features. We've added My Trips that will eventually walk you through the entire process of a trip. There is also a KLLM Contacts function that will list your dispatcher, settlement coordinator, and other useful contact info. We have also added the ability to send and receive free form messages with your dispatcher. We have also redesigned the paperwork process to make it more streamlined. Once you register you can go to the help option to see more detailed instructions on the various functions.
